

Albany City Council Monday night asked City Attorney Lawrence D. Saler to look into the possibility of filing a suit to recover what Councilmen deem more realistic losses to the city than the \$448 the city received for actual dollars expended in fighting a lawsuit which halted work on the waterfront development.

In making the motion, which passed 4-0 with Councilman Richard O. Clark absent, Councilman H. F. Call said there was much time and money expended by the city in fighting the suit, estimated the real loss to the taxpayers from lost revenue at about \$4 million.

"We were under way before Emeryville," he said, "when the suit virtually stopped development. Look at Emeryville, Berkeley and San Leandro marinas now!" He named the Albany Save the Bay group, the Sierra club and 11 individuals as those whose suit caused the problem. It was subsequently "thrown out of court," Call pointed out. He suggested citizens could join the city with a taxpayers' suit.

Herbert Rubin, speaking under "Good of the City," asked Council to look back on citizen suits. He said they should remember the findings of the State Lands commission, which said Albany had failed to make the necessary improvements in the tidelands within the allocated time. After the suit was filed in October, 1968, he said, it was discovered there was no plan. Then the Rimov plan for Albany Isles materialized. The suit was dismissed for lack of prosecution after the city cured its defects.

Another suit, he pointed out, resulted in consent judgment to give Albany four additional acres of parkland and access on Albany Hill, "a valuable asset." The City, according to Rubin, is now suing the State Lands Commission on the grounds that it was illegally constituted when it took action against Albany because one member was serving by proxy.

The final lawsuit probably will be brought against Albany for the 1.1 acres of land interstate General Corporation bought for the city on Albany Hill for \$258,000, Rubin said. The claim recently filed against the city has been ignored and this will be another citizen lawsuit that will probably go forward, Rubin said.

Agenda items included adoption of recommendations of Police Chief James Simmons for permanent rank for the following: Inspector II, Melvin E. Boyd; Inspector I, Glenn L. Thompson; Sergeant, Edward W. Zentner, and Patrolman, Larry P. Murdo. Katherine M. Bagley was approved as part time relief civilian clerk in the Police department.

On recommendation of Chief Simmons, Council approved the issuance of an alcoholic beverage license to the Hotsy Totsy,

601 San Pablo Ave., with Call abstaining due to conflict of interest.

Mrs. Ida Royce of 1131 Talbot offered the idea of issuing numbers to gasoline customers as a method of increasing efficiency of service in gas stations along with posting hours of gas availability.

Mayor Lewis Howell said he had reports from Administrative Officer James B. Turner, Albany Chamber of Commerce

Manager Hal Denham and Thousand Oaks Merchants Association Official John Zoro that stations would like to stay open longer but lack gas. It was generally agreed that the situation has improved. Turner was directed to inform the Alameda County Board of Supervisors that Albany approves continuing odd-even gas days for another 30 days.

The meeting adjourned at 8:30 p.m.

Child Bitten By Dog; May Need Rabies Shots

On Sunday, March 17, at approximately 3:30 p.m., our son, Ulan McKnight, 36 years old, was bitten by a German Shepherd on Cougar Field, Albany. The owner of the dog was there, with a large party of friends.

We are trying to locate the owner, to make sure the dog has had rabies shots, so that our son will not have to undergo the painful and dangerous series of immunization shots.

Would the owner, or anyone with information of the dog, please call the Albany Police Department, or Mr. McKnight, at 421-7687.

Thank you,
The McKnights

New Ruling For Homeowners

Late filing for 1973 homeowner's exemption is now possible for those who previously failed to file by April 15, 1973. Don J. Hutchinson, Assessor, County of Alameda, has been notified that on March 12, 1974, Governor Reagan signed into law Assembly Bill 198, which allows the Assessor to grant homeowner's exemption to a residence which was eligible for the exemption in 1973 except that the owner failed to file a claim in time. The new law gives such an owner only until March 31, 1974, to file a claim with the County Assessor to obtain 80 percent of the \$1,750 in assessed value homeowner's exemption for 1973-74.

Mr. Hutchinson advises all homeowners that a claim for the homeowner's exemption for the 1974-75 fiscal year must be filed before 5 p.m., April 15, 1974 to receive the full exemption.

CORRECTION

MRS. OPAL STANIEK of Albany, who taught needlework and other crafts in Albany Adult School, is in Kaiser hospital in Oakland with a broken hip, which happened when she resisted a purse snatcher in downtown Oakland. The strap broke and she fell to the sidewalk.

RAL DENHAM, genial manager of Albany Chamorro, lost his keys about two months ago. Fortunately, they had one of those license plates from Disabled American Veterans attached and they were returned from DAV headquarters in a sack like the old Bull Durham containers. He was informed that his was the 3,335,290th set of keys they had returned. "It was great to get them back," Hal said.

ORDINANCE No. 74-01
AN ORDINANCE OF THE CITY OF ALBANY AMENDING ORDINANCE No. 61-011 (CITY OF ALBANY ZONING ORDINANCE)

THE COUNCIL OF THE CITY OF ALBANY DOES ORDAIN AS FOLLOWS:

That Ordinance No. 61-011 is hereby amended in the following particulars:

Section 1: That Article 1.0, Section 5 (ee) be amended to hereafter read as follows:

"(ee) Home Occupation—A use carried on within a dwelling by the inhabitants thereof which use is clearly incidental to the residential use and does not alter the character of the premises, and providing there are no employees or no advertising of any kind."

Section 2: That Article 2.1, Section 1.2 thereof, be amended by adding an asterisk to "Yes" under the column, "Use Permit Required," and defining the asterisk as follows:

"* See Article 3.0, Section 16 for details of requirements and exceptions."

Section 3: That Article 3.0 is hereby amended to add Section 16 thereto, which shall hereafter read as follows:

"Section 16. Home Occupations

(A) Definition.
"1. A Home Occupation is a use carried on within a dwelling by the inhabitants thereof which use is clearly incidental to the residential use and does not alter the character of the premises, and providing there are no employees or no advertising of any kind."

"The following items are excluded from use as a home occupation as they would clearly violate the principle of home occupation as herein defined and would not be businesses which could be carried on clearly incidental to the residential use and without destroying the residential character and the property or neighborhood:

- "1. Automobile repair shops;
- "2. Barber shops and beauty parlors;
- "3. Boarding and/or rooming homes for more than two (2) guests;
- "4. Clinics and hospitals; also veterinarian clinics and hospitals;
- "5. Kitchens and other boarding for pets;
- "6. Medical offices for physicians, dentists, osteopaths, and other practitioners of the healing arts, except that a practitioner, in conducting his business through house calls, may use his home for clerical and similar work, including consultation with other practitioners, but excluding reception and examination of patients.

"(B) Applications.

"Applications for home occupations shall be filed with the Planning Commission Secretary in the Public Works Department at 1000 San Pablo Avenue, on forms provided therefor and accompanied by an application fee in the amount of Fifteen Dollars (\$15.00). Non-owner applicants shall, with applications, present written approval of proposed Home Occupation by the owner of the residence.

"(C) Administrative Permits for Certain Home Occupations.

"Each application for a home occupation shall be reviewed by the Administrative Officer or a designated member of his staff. An initial inspection of the Home Occupation shall be made. If it is determined that the requested home occupation could be carried on in strict compliance with conditions set forth by the Planning and Zoning Commission, which shall be at least as restrictive as current Conditions A through Q, an administrative home occupation permit may be issued. Conditions A through Q in existence on March 4, 1974 shall be maintained on file with the secretary of the Planning Commission as "current" Conditions A through Q referred to above. The application fee as required above will be utilized to reimburse the City for the necessary inspections and investigations.

"(D) Home Occupations Not

for the administrative permit. The decision of the Administrative Officer shall be transmitted forthwith to the Secretary of the Planning and Zoning Commission and shall be placed on the agenda for the next Planning and Zoning Commission meeting for informational purposes. The action of the Administrative Officer shall not be final until the lapse of the time provided for appeal as set forth in Section (D) hereof.

"(D) Appeal.

"1. In case the applicant or any interested party is not satisfied with the action of the Administrative Officer, he may, within, ten (10) days from the date of the Planning and Zoning Commission meeting provided in Section (C) hereof, appeal in writing to the Planning and Zoning Commission. Such appeal shall be accompanied by an appeal fee in the amount of Fifteen Dollars (\$15.00). In the event the Planning and Zoning Commission denies the appeal without a hearing, the \$15.00 appeal fee will be returned to the applicant.

"2. The Planning and Zoning Commission shall, at its next regular meeting, after receipt of an appeal, review the action of the Administrative Officer and the facts stated in the written appeal and within fourteen (14) days of such Planning and Zoning Commission meeting if, in the opinion of the Planning and Zoning Commission, the facts stated in the written appeal do not warrant further action, the Planning and Zoning Commission may, by a four-fifths (4/5) vote, affirm the action of the Administrative Officer and deny the appeal. If, in the opinion of the Planning and Zoning Commission, the facts stated in the written appeal do not warrant further action, the Planning and Zoning Commission shall set the matter for hearing and shall give notice of said hearing in the same manner as required for use permits to be heard before the Planning and Zoning Commission. Notice of such hearing shall be given to the Administrative Officer and he shall submit a report to the Planning and Zoning Commission, setting forth the reasons for the action taken by him, or shall be represented at the hearing.

"3. The Planning and Zoning Commission may, upon finding of facts contrary to those of the Administrative Officer with respect to the effect upon the health, safety, morals, comfort and general welfare of persons residing or working in the neighborhood, or upon finding of facts contrary to the Administrative Officer with respect to any potential detrimental or injurious effect on property and improvements of the neighborhood or to the general welfare of the City, the said Commission may review, or modify actions of the Administrative Officer by designating such conditions in connection with the permit as it deems necessary to secure the purposes of this Ordinance and may require such guarantee and evidence that such conditions are being and will be complied with.

"4. The Planning and Zoning Commission shall render its decision within forty-five (45) days after the filing of such an appeal. The Planning and Zoning Commission may, however, on its own motion, extend the time to render a decision for a period not to exceed fifteen (15) days. Failure on behalf of the Planning and Zoning Commission to act within said 45-day period or extension thereto, if any, shall be deemed to be a denial of the appeal. The decision on the appeal by the Planning and Zoning Commission, either by its action or its denial by failure to act shall be promptly forwarded to the appellant by the Secretary of the Planning and Zoning Commission.

"5. The decision of the Planning and Zoning Commission shall be equivalent to action under use permit procedures, and thus, shall be subject to appeal to the City Council in accordance with the provisions of Article 4.0, Section 5.

"(E) Home Occupations Not

Meeting Criteria for Administrative Permit.

"Any application for a home occupation found not to be in compliance with the requirements of an Administrative Permit shall be submitted to the Planning and Zoning Commission for determination under use permit procedures. In the event such application is approved, the Planning and Zoning Commission may, in their discretion, allow amendments to the duly established conditions normally applied to home occupation permits, or may deny said application pursuant to Article 4.0, Section 4(a).

"(F) Enforcement.

"The Building Official of the City is hereby authorized and directed to enforce the provisions of all use permits and administrative home occupation permits authorized by this Ordinance. Annual inspections shall be made of each home occupation permit to insure compliance with the regulations established by this Ordinance. In the event of complaints arising from the conduct of a home occupation, the Building Official shall cause to be made an inspection to determine the validity of said complaint.

"(G) Suspension of Permit.

"Home occupation permits whether granted administratively or by use permit procedure may be suspended by the Building Official and/or authorized representative upon determination of failure to comply with all conditions set forth in permit.

"(H) Penalties.

"In the event special inspections are necessary in connection with alleged violations of the home occupation regulations, and it is determined that a violation of the regulations does, in fact, exist, there shall be paid by the holder of the permit a penalty of Ten Dollars (\$10.00) for each inspection which it is found that violation from the provisions have occurred. The suspended permit shall not be restored until adequate funds to cover such special inspections have been paid to the City and all violations of conditions of the home occupation permit have been abated. Appeals over any dispute resulting from such penalty shall be handled in the same manner as an appeal to the Planning and Zoning Commission as set forth under Section (D) hereof.

Section 4: This Ordinance shall be published once in the "Albany Times," a newspaper of general circulation within the City of Albany, which said newspaper is designated for that purpose, and shall become effective on and after its final passage, adoption and publication.

7 WAYS TO PLUG FOR ENERGY CONSERVATION.

You'll save energy if you follow these suggestions:

1. Turn off all lights that are not essential.
2. Lower your furnace thermostat to 68 degrees.
3. Use full loads in dishwashers and clothes dryers.
4. Set your water heater to "normal" or 140 degrees.

5. Turn off TV sets when they're not being watched.
6. Defrost your refrigerator before frost becomes 1/4" thick. Thick frost reduces your refrigerator's cooling ability and makes it run inefficiently.
7. Be sure your range and oven are turned off when not in use. These are just a few of the many ways you can conserve energy.

Albany Women's Group Helps Red Cross

Since March is Red Cross month, members of the Albany High School Alumni Mothers' Club have been turning their efforts to helping the Red Cross help.

Meeting recently at the home of Mrs. Albina Rinna, the ladies devoted the afternoon to making miniature terrariums and tiny dried flower arrangements for patients in local convalescent hospitals. Their gifts are being turned over to the Berkeley-Albany Red Cross for delivery to the various hospitals. "The patients love them," comments Mrs. Nina Magilligan, therapist at the Elmwood

Convalescent Hospital in Berkeley, where some of the "live" dish gardens were given to patients able to care for them. The tiny dried arrangements brightened bedside tables of others.

The Mothers' Club has been meeting since their children were students in Albany High School. "We enjoyed each other so much that we've stuck together even though some of us are grandmothers now," said Mrs. Tony Anacleto, president of the group. Oriented toward helping others, the Red Cross is only one of the organizations that benefit from their activities.

Best Feet Forward

There's a subject men don't like to talk about . . . feet, especially the kind that are hot and burning after a great game of tennis or golf or any sport. In fact you don't have to be an athlete to have burning feet . . . you can get them just by walking or standing. What to do? Apply a medicated cornstarch powder like Mexsana to troubled areas. And, make sure socks are clean and woven from non-scratchy materials. Your feet shouldn't be taken for granted. Maintain proper personal foot hygiene. Treat your feet with care, and they won't treat you to trouble.

SPEAKING OF parents, and I feel like I've been one all my life, Lisa, her teacher (Laura Potts) and I shared a momentous event the other evening — my last parent conference! Back in 1961, I was vice president of Albany High PTA and one of the older members of the Albany Preschool Mothers' Club. This year there is a graduating senior in the house and the last chick is being promoted to the eighth grade. By summer there will be three teenage girls in a one-bathroom house. That's going to be an exercise in coping!

DOES IT SEEM to you that gas lines are getting shorter? Just when the Council decided to do something about the situation, it sort of seemed to right itself. Heard about a funny little drama on Carlson when the lines were long and tempers short. A woman in a Volkswagen cut into the line, rolled up her windows, locked her doors and sat smugly as several burly fellows angrily approached. They held a brief conference, then lifted the little car out of its place in line and set it down out on the street. Beautiful.

Senior Citizens

By BOB DAVIS

Don't be fooled by the grey hair on the heads of the senior citizens. Just because there is snow on the roof is no sign that there is no fire in the furnace. If you live long enough your hair gets grey or — perish the thought — if you are a man you are apt to get bald. But these are only the outward incidents. It's the inner glow that counts.

Here are some of the coming events at Albany Senior Center. Monday, March 25, the San Francisco Opera Guild will present a special matinee performance of "The Grand Duchess of Gerolstein." This is a comic opera by Jacques Offenbach. The matinee is at 1:30 p.m. in the Curran Theater, San Francisco. A bus will leave the Senior Center in ample time for the show.

For reservations for these two events phone Mrs. Beulah Belling, 526-1601.

Wednesday, March 27, Mrs. Lella Henderson's "Human Relations" class will begin a discussion of transactional analysis. There will be an indepth study of the book, "I'm Okay, You're Okay." The class will be held from 2:30 to 4:30.

Volunteers Needed To Help Elderly and Blind

Volunteers willing to devote an hour or two a week to visiting with older, isolated persons and helping the blind will be offered special training for the Red Cross Friendly Visitors and Volunteer Aides to the Blind (VAB) programs in a series of workshops starting April 3 at the Berkeley Red Cross. Men and women of all ages are needed as volunteers.

Workshops will be held at the Red Cross headquarters, 2116 Allston Way, Berkeley on Wednesday, April 3, 10, 17 and 24 from 9 a.m. to noon. The first three sessions are required of all volunteers and will give the basic skills and knowledge to serve the needs of the elderly. The April 24 session is devoted to specialized training for volunteers who will be helping the blind.

Topics to be discussed at the first meeting include facts and fiction about growing old, and the social and psychological needs of older people. The next two workshops will cover developing friendships with people who are isolated and may be ill

or facing death, and ways to help them.

At the April 24 session, blind people will explain the facts about blindness and how they feel about their handicap. Practical techniques for guiding and assisting the blind will also be demonstrated.

"Friendly Visitors" are asked to devote at least an hour a week to visiting a shut-in confined at home or in an extended care facility.

"VABs" perform a variety of services depending on the special needs of the blind person they assist. These include such things as help with shopping, banking, sewing or letter writing.

In all cases an effort is made to assign visitors to people with similar interests so that mutually rewarding friendships may develop.

Prospective volunteers are asked to call the Berkeley Chapter, American Red Cross (845-1430) for additional information to register for the workshops. Advance registration is required.

New Guide to Ease Househunter's Search

Bloomington, Ill. — (HK) — A new guide for prospective home buyers that simplifies the house-comparing task has been published by State Farm Fire and Casualty Company. The guide is available without charge as a public service to persons who are or expect to be in the market for a home.

"Finding the Right Home for You" is a 24-page working guidebook designed to make househunting easier for prospective buyers. The book is divided into three sections, each usable at a different stage of shopping.

The first section is a quick check that enables home buyers to compare at a glance essential information on up to three possible choices. It includes space for recording type and age of house, distances to work, shopping, schools and transportation, and basic costs of taxes, utilities and mortgage payments.

As the choice narrows, the prospective home buyer can

use the second section, which offers a more detailed check of the physical features of the three most likely prospects.

Detailed Check

When the choice is tentatively narrowed to one home, the third section provides a detailed inspection checklist. This checklist enables the prospective buyer to inventory such details as street lights, storm sewers, condition of septic tank, foundation and painted surfaces of power sources, appliances and lighting, and details of all rooms. This includes, for example, the condition of bathroom door locks and plumbing fixtures, bedroom lighting fixtures and closets, and kitchen appliances and range ventilation.

For a free copy, write to Househunter's Guide, Public Relations Department, State Farm Insurance Company, E-2, One State Farm Plaza, Bloomington, Illinois, 61701.

WHICH IS HIGHEST?

Mauna Kea in Hawaii may be the world's highest mountain, but not all of it is in sight. From the floor of the ocean to its peak, Mauna Kea is 33,476 feet, compared with Mount Everest's rise of 29,028 feet from "sea level."

Troop 14 Honors New Eagle Scouts

Only a little over a year old, Troop 14, Boy Scouts of America, sponsored by First Baptist church of Albany, honored three Eagle Scouts at a dinner and Court of Honor at Camp Herms lodge.

Philip Alferness, son of Lester and Lola Alferness of 1002 Ordway, who is 17 years old and a senior at Albany High, won his Eagle award. He plans to attend Sacramento State this fall.

Dan Jensen of Berkeley and the sue of Ed and Sue Jensen follows in the footsteps of his older brother, Chris, as a troop 14 Eagle.

The third boy honored was Chris Jensen, who received his Eagle award last June. He received an Eagle Bronze Palm from Dennis Gilreath, assistant Scoutmaster and an Eagle Scout Unit Commissioner Gil Talmadge represented the Mt. Diablo council at the court.

NEW UNIFORM MEAT IDENTITY PROGRAM AT SAFEWAY

You'll notice changes in some of the names on meat labels in our cases. We have adopted a new program under which meat retailers will use uniform names for the different cuts of meat they sell. In addition to helping you identify cuts, the plan also aids in selecting proper cooking methods. If, for example, the label shows a cut to be a steak or roast from Beef Loin or Beef Rib, dry heat cooking methods such as roasting, broiling and frying are recommended. For most other beef, moist cooking methods such as braising or cooking in liquid are recommended. Some tender cuts of beef not marked Loin or Rib may be cooked with dry heat but it is best to check your cookbook on these.
